#### PROSPECTUS OF A new Story on an old Subject.

THE AUTHOR, in presenting the following work to the public can not but feel that he has an arduous task to perform in catering to the public faste, and has somewhat digressed from the established rules, and customs of au thors by taking up a subject which, if carefully pursued, and the advice herein contained followed, the ambition of the author will be gratified to its utmost extent, and the the author will be gratified to its utmost extent, and the object of this work w.il have been attained, viz: to put money in my pocket and to give to the careful and indulgent reader a interary treat through the agency of the digestive organs. It might perhaps be necessary to state, that the most of the manuscripts from which this tale was founded was taken from an old dress pocket found in a 2nd hand Clothing Store a few weeks since in New York by the suthor, and originally owned by the indefatigable hiss. Tooples, at once convering to the mind of the reader that a bargain may be expected. Hoping the kind and indulgent public will excuse any blunders and look with a patronicing eve upon my humble efforts to procure for putronising eye upon my humble efforts to prosure for them 1st, 5 chests of Imperial and Black Tens, the finest them 1st, 5 chests of Imperial and Black Teas, the linest ever brought to this market, and put up in such a shape that every one can see it for themselves. Still keeping in view that philanthropic principle which actuated me to purchase of the importers a choice selection of Mocha, Old Gov Java and Baltimore Rio Coffees. I must not digress so far from my subject as to forget that I also laid in a bountiful supply of Baker's Broma and French Chocolate, an excellent morning drink for my nervous reader in these teaching these lates. troublens political times. In compiling the forthcoming work I shall "dilute" pretty extensively on the merits of "Fe Fig." The following extract taken from the "Bung". letown Fassett will convey some idea of the attention paid to that valuable insect:

"We take great pleasure in announcing that a celebrat-ed author from one of the Western States is now in our ed author from one of the Western States is now in our city collecting specimens for a forthcoming work, upon which he is engaged. We notice a large invoice of the genuine "Heideick Champayne." Together with a full assortment of choice Wines and Liquors, among which the justly celebrated Tehernay Brandy, all of which the liberal author intends to treat his many readers, to or as many of them who have the magnamity to pay for it. We wish the author success to his new work, which is to be called "F. Fr."

called " Ye Fig."

As the author feels incompetent to proceed in that Flour'y style so common with writers of the present day, he begs to say that in its proper place in the work he will serve up 800 bags of that indespensable article in 25, 50 serve up 800 bags of that indespensable article in 25, 50 and 100 lb bags, thereby leaving it at the option of the readers to Flour to their own tasse. For "fair" (and what author is without it) that this stupendous enterprise might end in "smoke" the author has carefully laid in a large and choice collection of "Segars," which will give each reader an opportunity of suistaining the author by giving him a "puff," and furthermore, in order to veryify the old Proverb of where there is so much smoke there must be some fire, the compiler of these valuable manuscripts has added a heavy stock of "Matches". As another digression, for which I beg pardon of all authors who "spice" their concections with brilliant showers of wit and humor, I have employed a substitute, which I cannot but believe I have employed a substitute, which I cannot but believe is of a more substantial nature, viz: a choice assortment of Nutraeys, Graper, Cassamon, Cloves, French, English and Ecstucky Mustards, Allapice, Pepper, ground and unground. Gatages of different varieties, Worselferbire John Bull and Harvey Sauces, and in the place of sweet-ening the many beautiful passages, which will occur from time to time with moralight rays, 2-phyr breezes, and the next spid from the pure lips of sunocence, I have employed the mora powerful argument of Panaleseed, Comb.

How doth the little busy Bee
Improve each shining hour
And gather Honey——I here beg leave to
say that in order more fully to carry out the objects of this
same work, I have provided myself with a large stock of
honey the author above speaks of, which will be used in
its natural state or "strained" to sait the laste of the
reader, as "straining" is a too common error among authors, which too very often places them in a position where they are compelled to make a "raise". I have in order, if possible to avoid that unpleasant predicament, taken the precaution to provide a large supply of Preston & Merrill's Foot Ponders, whose raising qualities my a Merrill's Font Ponders, whose raising qualities my numerous resders have probably formed some opinion. As a bright and shining "light" as I intend this work to be, I shall substitute the agency of Star, Adamantine, Sperm and Talken Cambles, and to "cleaned" the mind of all impurities shall resort to Castile, tiem and Common Bar Soap, which together with Wash Boords, Tale Buckets, Brooms, and Sound Brushes, I have procured an abundant supply. As his a time honored custom with compilers of great works to first "pilias the understanding" of their readers, I take pleasure in stating that I shall for this turpose bring into requisition a full sopply of "Blacking" and "Shoe Brushes," and in order that the reader may more fully appreciate the sweet and choice selections above mentioned, I shall preface each chapter with a full description of different variaties of Pickles, Gross & above mentioned, I shall preface each chapter with a full description of different varieties of Pickles, Gross & Blackwell's Chow Chow and Picculi, Gerlin's prepared Horse Radish and pure Caler Vinepar, for an a wise man once said, every sweet has its soar, or something to that effect. As this work will, undoubtedly, fall in the hands for the more dignified or " stiff" portions of the work, I shall introduce a heavy stock of Cogales & Food Pears.

New whom stiffsning condition none can naw quality the form is unscentible of division as as to make two shall introduce a heavy stock of Cogate & Force Fear's Surck, whose stiffening qualities none can say ought egainst, and another class of readers who are too candy guiled by a large class of "Mad"y" mouthed authors, and are never willing to acknowledge the "Corn," stall be supply supplied with extracts from a large Bin of Corn Mad, Rev Mod, or enforted Four. As the forthcoming work will be attended with enormous expense, owing to the sudden advance of Taxon the cause of which has never hear fully executionally the author is conneiled to force of been folly ascertained) the author is compelled to forego the publication until a certain amount of subscribers are obtained, (the amount of subscribers limited to 20,000, but specimens of the promised literary hash can be seen at his Studio, No. 50 Market street, every day, and full instructions given to those who will purchase the ingredients and are desirous of embarking upon that "Tempest tosed can," an author's life. I forgot to mention that all such old fogy authors as Locke and "Bacca" will be "gaored, and "clear Sides, Country and Super cured Hams, Shadders, do., will be instituted. For the Complete Cure of Coughs, Colds, Influenza, Asthma, Bronchitis, Spitting of Blood and all other Lung Complaints tending to Consumption.

THIS preparation is getting into use all over our country.

The numerous letters we receive from our various agents, informing us of cures effected in their immediate neighborhoods, warrant us in saying it is one of the best, if not the very best Cough Medicine now before the public, it simost invariably relieves and not unfrequently cures the very worst cases. When all other Cough preparations have failed, this has relieved the patient, as Druggists, dealers in Medicines, and Physicians can festily. Ask the Agent in your nearest town, what has been his experience of the effects of this medicine. If he has been selling it for any length of time he will tell you it in the bost medicine extant. Below we give a few extracts from letters we have received lustly regarding the virtues of this medicine.

Dr. S. S. Odlin, of Knoxville, Gu., says:—I have been using your Liverwort and Thr very extensively in my practice for three years past, and, it is with pleasure 1 state my belief in its superiority over all other ritules with which 1 am acquainted, for which it is secommended.

Measure, Fitzgeraid & Brenners, writing from Waynesville, N. C., says:—The Liverwort and Tar is becoming daily more popular in this country, and we think Justly so. All who have tried it speak in commendable terms of it, and say it is recommended.

Our Agent in Pickens District, S. C., Mr. S. R. McPall, assures us that he uses it with great benedit in his own family and recommended to him nighbors." He gives an instance (its negro woman in his vicinity, who had been suffering with disease of the Lungs for years, attended with sover cough, who was relieved by the Liverwort and Tar. and recommends it to his notiphors." He gives an instance of its negro woman is his vicinity, who had been suffering with disease of the Lungs for years, attended with sover cough, who was relieved by the Liverwort and Tar.

Such are the good reports we hear of this Medicine from all parts of the South. For a report of the surprising cures it has performed in the Western and Northern and Eastern States, we would invite the suffering patient to read the pamphlet which accompanies each bottle. To all we say, have ope, have hope!

Try the Medicine! Be warned to season!!! And negice not that cough which is daily weakening your constitution, irritating your throat and lungs, and inviting on that dread-disease, Consumption, when so soothing and healing a remedy can be obtained as Hoger? Syrapor Liverwort and Tar. Beware of Counterfeits and base instations. The genutue article is signed Andrew Rogers, on the engraved wrapper around each bottle.

THE ONLY INFALLIBLE RRMEDY Hurley's Sarsavarilla. OF all the remedies that have been discovered during the present age for the "thousand life that fiesh is her to," none equal this wonderfal preparation. Only three years have elapsed since the discoverer (who spent a decade in studying, experimentalizing and perfecting it) first introduced it to the public, and it is already recognized by the most eminent physicians in all parts of the country to be the most surprising and effective remesty for certain diseases of which they have knowledge.

All other compounds or syrups of the root have hitherto falled to command the sanction of the faculty, because, on bolds tested, they have been found to contain noxious ingreadents, which neutralize the good uffects of the asrasparilin, and eftentimes injure the health of the patient. It is not so with Hurley's preparation.

This is the pure and gunuine extract of the root; and will, on trial, be found to effect a certain and perfect cure of the following complaints and diseases:
